GENERAL INDEX OF SUBJECTS AND AUTHORS FOR VOLS. XXV TO VOL. XXX INCLUSIVE

ABERCROMBY, A. F.—Crocodile (*C. palustris*) burying its Food, xxviii, 553 ; The Senses of a Snake, xxviii, 812.

ACCOUNTS—For 1916, xxv, 321 ; for 1917, xxv, 73 ; for 1918, xxvi, 1051 ; for 1921, xxviii, 568 ; for 1923, xxix, 1069.

ACWORTH, E C. B.—Flight of Locusts (plate), xxv, 301.

AITKEN, E. H.—Injury feigning Habits of Birds, xxviii, 535.

AIYER, T. V. RAMAKRISHNA, B.A., F.E.S., F.Z.S.—A Catalogue of New Wasps and Bees, Part III, xxv, 92 ; Some South Indian Coccids of Economic Importance (4 plates), xxvi, 621 ; An Undescribed Natural Enemy of *Castor semilooper* (*Achæa ophinsa melicerte*), xxviii, 298.

AJREKAR, B. A.—On the Identity of *Blastospora butleri*, Syd. (plate), xxvi, 696.

ALLEN, C. W.—Jackals in Lower Burma, xxv, 146 ; Life-history of the *Antheræa roylei* (Oak Emperor Moth), xxvi, 300.

ALLEN, G. O., I.C.S.—Natural Death of a Fox (*V. bengalensis*), xxvi, 660 ; Occurrence of *Calotis vestalis* and *amata* at Unao, xxvi, 868 ; Naini Tal Butterfly Notes, xxvi, 870 ; The Malabar Pied Hornbill (*Anthracoceros coronatus*) in Mirzapur, U. P., xxvi, 671 ; The Cuckoo (*Cuculus canorus*) in Mirzapur, U. P., xxvi, 671 ; Habits of the Painted Sandgrouse (*Pterocles fasciatus*), xxvi, 672 ; The Great Indian Bustard (*Eupodotis edwardsi*) in Mirzapur, U.P., xxvi, 673 ; Habits of Earthworms, xxvi, 879 ; The Habits of the Tree-frog (*Rhacophorus maculatus*), xxvi, 681 ; Some Butterflies taken in Benares and Adjoining Districts, xxvi, 689 ; Tenacity of Life of *Parapolybia orientalis*, xxvi, 693 ; Protective Habits of the Larva of *Trypanophora semihyalena*, xxvi, 693 ; A Few Additions to the List of Mussoorie Plants, by James Martin, xix, 475, xxvi, 695 ; Caracal (*Felis caracal*) and Hunting Leopard (*Cynælurus jubatus*) in Mirzapur, U.P., xxvi, 1041 ; Birds of different Species nesting in Company, xxvi, 1044 ; The Red Turtle Dove (*Œnopopelia t. tranquebarica*) in Unao, U. P., xxvi, 1044 ; Accidents to Vultures, xxvi, 1045; Hovering Habits of the Spotted Owlet (*Athene brahma*), xxvi, 1045.

AMBALLA—*See* BIRDS.

ANDERSON, KNUD, F.Z.S.—On the Determination of Age in Bats, xxv, 249 ; On the so-called Colour Phases of the Rufous Horseshoe Bat of India (*Rhinolophus rouxi*), xxv, 260.

ANNANDALE, N., D.SC., F.A.S.B.—Fish and Fishing in the Inle Lake (plates), xxviii, 1038.

ANTS—*See* HYMENOPTERA.

ARABIA—*See* MAMMALS.

ARACHNIDS—

SCORPIONS—Notes on Flying White-ants and Scorpions that feed on them, xxvi, 873 ; The Black Rock Scorpion, *Palamnæus swammerdami*, xxviii, 558 ; Scorpions committing Suicide, xxviii, 559.

SPIDERS—The Great Indian Spiders, Genus *Pacilotheria*, xxv, 153 ; Examples of Mimicry in Spiders, xxv, 760 ; Mimicry in Spiders, xxvi, 302 ; The Snare of the Giant Wood Spider (*Nephila maculata*), Part I, xxviii, 642 ; Parts II and III, xxviii, 911 and 917 ; Part IV, xxix, 70 ; Occurrence of the Galeod Spider (*Rhagodes nigrocintus*) in the South Arcot District, Madras Presidency, xxviii, 815 ; Common Indian Spiders, xxviii, 1045.

ARCOT—*See* SPIDERS.

ASSAM—*See* MAMMALS, BIRDS.

BAGNALL, MAJOR R.—Large Carp from Mesopotamia, xxvi, 679.

BAHAWALPUR—*See* BIRDS.

BAKER, E.C. STUART, F.L.S., F.Z.S., M.B. O.U.—The Game Birds of India, Burma and Ceylon (*see* BIRDS, systematic). Sub-species and the Field Naturalist, xxvi, 518 ; The Power of Scent in Wild Animals, xxvii, 112 ; The Birds of the Indian Empire, Parts I–VIII (*see* BIRDS, systematic).

BAKER, Lt.-Col. H. R., I.A.—A Day's Shooting on the Nilgiris near Ootacamund (plates), xxviii, 434 ; Occurrence on the Nilgiris of a partial Albino of the Southern India Scimitar Babbler (*Pomatorhinus horsfieldi travancoriensis*), xxviii, 1135.

BALUCHISTAN—*See* BOTANY.

BANGALORE—*See* SNAKES.

BANNERJI, G. E.—Note on the Cotton Tree (*Bombax malabaricum*), xxvii, 965.

BANNERMAN, SURGEON-GENERAL, W.B., C.S.I., I.M.S.—Capturing Tiger with Birdlime, xxv, 753 ; Notes on the Habits of the Death's Head Moth (*Acherontia styx*), xxv, 759 ; Cultivation of the Edible Date Palm (*Phoenix dactylifera*) in South India, xxvi, 763.

BARNETT, W. G.—Curious Position of a Dove's Nest (photo), xxv, 507.

BASIL-EDWARDS, S.—Behaviour of the White-cheeked Bulbul (*Molpastes leucogenys*) when its young is in danger ; and the (?) parental instinct or

love for the offspring displayed by the Dark-grey Bush-Chat (*Oreicola ferrea*), xxviii, 280 ; On the Habits of a Sceliphron Wasp (*Sceliphron deforma*) xxviii, 293 ; On the Homing Flight of the Common House Crow (*Corvus splendens*), xxviii, 804 ; Nidification of the Himalayan Tree-creeper (*Certhia ruficeps*), xxix, 557 ; On the Occurrence of the Large Brown Thrush (*Zoothera monticola*) in Simla, xxvii, 401 ; Large Flock of the Comb Duck (*Sarcidiornis melanonotus*) in the Allahabad District of the U.P., xxvii, 638 ; *see* Dover, C

BATS—*See* MAMMAL, *Habits*.

BEADNELL, C. B.—Panthers and Artificial Light, xxviii, 265 ; Note on the Nesting Habits of the Spotted Babbler (*Pellorneum ruficeps*), xxix, 292.

BEES—*See* INSECTS, HYMENOPTERA.

BEESON, C. F. C., M.A., I.F.S.—Nesting of *Vespa dorylloides*, Saus, xxvi, 301.

BEHAR—*See* BIRDS.

BELL, T. R., I.F.S.—The Common Butterflies of the Plains of India, Parts xix-xxviii, *See* INSECTS, BUTTERFLIES.

BENARES—*See* INSECTS, BUTTERFLIES.

BENGAL—*See* BIRDS.

BENSON, CAPT. C. E.—Egret Farming in Sind (plates), xxviii, 748.

BEST, HON'BLE J. W.—Review—Shikar Notes for Novices, xxvii, 616.

BETHAM, BRIG.-GENERAL R. M.—The White-cheeked Bulbul (*Molpastes leucogenys*), xxvi, 286 ; The Desert Lark (*Alæmon desertorum*), xxvii, 400 ; Breeding of the Indian Pitta (*Pitta brachyura*) and the Streaked Wren Warbler (*Prinia lepida*), xxviii, 1135.

BERTHON, LT. H. W.—Occurrence of the Common Sheldrake (*Tadorna cornuta*) and the Marbled Duck (*Marmaronetta angustirostris*) in Kathiawar, xxvi, 674.

BIRDS (GEOGRAPHY)—

PERSIA—Notes on the Bird Life of Ahwaz, Persia, xxv, 303 ; Notes on the Birds of Northern and Western Persia, xxvii, 844 ; Zoological Investigations in the Persian Gulf and Iraq, xxviii, 1108 ; Birds of the Persian Gulf Islands, xxx, 725.

MESOPOTAMIA—Some Notes on the Game Birds in Mesopotamia, xxv, 486 ; Crows in Busrah, xxv, 741 ; Close-barred Sandgrouse at Muscat, xxv, 751 ; The Mesopotamian Bulbul, xxvi, 279 ; Sandgrouse in Mesopotamia, xxvi, 672 ; List of Birds observed in the Euphrates Valley, xxvi, 677 ; Some Birds of Prey of Mesopotamia, xxvi, 845 ; Mesopotamian Bird Notes, xxvi, 860 ; xxvii, 173 ; The Birds of Mesopotamia, xxviii, 210, Part II, xxviii, 381 ; Part III, xxviii, 650 ; Part IV, xxviii, 937 ; Notes on the Nightjar (*Caprimulgus ægypticus*), xxvi, 1043 ; The Red-breasted Goose (*R. ruficollis*) in Mesopotamia, xxx, 228.

TIBET—Notes on the Nidification of certain Birds in Ladak, xxvii, 141; Ornithological Notes from a Trip in Ladak, xxix, 694; The Range of the Tufted Pochard (*Fuligula fuligula*), xxix, 839.

KASHMIR—Spot-billed Duck in Kashmir, xxvi, 675; Kashmir Bird Notes, xxviii, 276; A Contribution to the Ornithology of Cashmere, xxviii, 990; Small Game Shooting in Kashmir and the Adjacent Hill Provinces, xxix, 653; Notes on Hugh Whistler's 'A Correction to the Ornithology of Cashmere' in vol. xxviii, No. 4, xxix, 798; The Mammals and Birds of Kashmir and Adjacent Hill Provinces, Part I, xxix, 879; Part II, xxx, 118; Part III, xxx, 253; Part IV, xxx, 509; Part V, xxx, 719; Notes on the Ornithology of Kashmir, xxx, 471; Bird Notes in Kashmir in Winter, xxx, 473; Bird Life in Gulmarg, xxix, 493.

PUNJAB—The Raptores of the Punjab, xxv, 231; The Breeding of the Gull-billed Tern (*Sterna anglica*), xxv, 300; Occurrence of the Indian Pitta (*Pitta brachyura*) in the Kangra District Punjab, xxv, 497; Extension of the Habitat of the Hair-crested Drongo (*Chibia hottentotta*), xxv, 500; Occurrence of the Pink-headed Duck (*Rhodonessa caryophyllacea*) in the Punjab, xxv, 502; Notes on the Birds of the Ambala District, Punjab, xxv, 665; The White-necked Stork in the Punjab, xxv, 746; Notes on the Birds of the Ambala District, Punjab, Part II, xxvi, 172; Part III, xxvi, 675; The Birds of Prey of the Punjab, Part I, xxvi, 247; Part II, xxvi, 629; Part III, xxvi, 826; Part IV, xxvi, 1000; Part V, xxvii, 128; Part VI, xxvii, 280; Part VII, xxvii, 606; The Common Hawk-Cuckoo (*Hierococcyx varius*) in the Punjab, xxvi, 287; Some Birds of Ludhiana District, Punjab, xxvi, 585; A List of Birds found in the Simla Hills, 1908–1918, xxvi, 601; Some Birds observed at Fagoo, near Simla, xxvi, 770; Variety of the Common House Crow (*Corvus splendens*) at Jhang, Punjab, xxvi, 843; A Note on the Breeding of the Hill Partridge (*Arboricola torqueola*) near Simla, xxvi, 849; Further Notes on Birds about Simla, xxvii, 94; Some Notes on the Genus *Caprimulgus* in the Punjab, xxvii, 363; On the Occurrence of the Large Brown Thrush (*Zoothera monticola*) in Simla, xxvii, 401; A List of Birds from Dharmsala, xxvii, 555; Bird Notes from the Campbellpur—Attock District, Western Punjab, xxvii, 794; The Marbled Duck (*Marmaronetta angustirostris*) in the Punjab, xxviii, 807; The Occurrence, Habits and Breeding of the Spotted Sandgrouse (*Pteroclurus senegalus*) in the Bahawalpur State, Punjab, xxviii, 807; Occurrence of the Desert Lark (*Alæmon desertorum*) in the Punjab, xxviii, 1132; A Note on the *Corvidæ* of the Punjab, xxix, 157; Nightjars of the Simla Hills, xxix, 286; Breeding of the Eastern Wood Pigeon (*Palumbus casiotis*) in the Punjab Salt Range, xxix, 295; Note on the Appearance of the Stiff-tailed Duck (*Oxyura leucocephala*) in the Mianwali District, xxix, 563; The Common Flamingo (*Phœnicopterus antiquorum*) in the Punjab Salt Range, xxix, 840; The *Corvidæ* of the Punjab, xxix, 841; Migration of Eagles, xxix, 1054; The Distribution of the Himalayan Tree-Pie (*Dendrocitta formosæ himalayensis*, Blyth), xxx, 223; A Note on the Weavers and Finches of the Punjab, Part I, xxx, 177; Part II, xxx, 406; Occurrence of the Black-throated Diver (*Colymbus arcticus*) in India, xxviii, 1134; An Addition to the Indian List of Birds (*Emberiza miliaria*), xxv, 742; An Addition to the List of Indian Birds (*Luscinia sueica pallidogularis*), xxviii, 544; A Note on the Spotted-winged Grosbeak

(*Mycerobas melanoxanthus*), xxix, 150 ; The Spotted-wing Starling (*Psaroglossa spiloptera*), xxix, 290 ; Distribution of the Large Pin-tailed Sandgrouse (*Pteroclurus alchata*), xxix, 285 ; Flighting on a Delhi Jheel, xxix, 1059 ; Distribution of the Himalayan Tree-Pie (*Dendrocitta formosæ himalayensis*, Blyth), xxx, 233 ; The Allied Grosbeak (*Perrisospiza affinis*, Blyth), xxx, 700.

North-West Frontier Provinces—Occurrence of the European Great Bustard (*Otis tarda*) near Peshawar, xxv, 745 ; The Breeding of the Eastern Orphean Warbler (*Sylvia jerdoni*, Blyth) in the North-west Frontier Province, xxvii, 630 ; Notes on Duck in the Rawalpindi District, xxviii, 548.

Baluchistan—White-headed Duck shot near Quetta, xxvii, 954.

Sind—Comb Duck (*Sarcidiornis melanonotus*) in Sind, xxv, 747 ; Egret Farming in Sind, xxvii, 944 ; xxviii, 748 ; Snipe shooting in Sind, xxix, 298 ; Close-barred Sandgrouse (*P. lichtensteini*) near Karachi, xxx, 226.

United Provinces—Nidification of the Lesser or Common Whistling Teal (*Dendrocycna javanica*) and Bonelli's Eagle (*Hierætus fasciatus*), xxv, 499 ; The Malabar Pied Hornbill (*Anthracoceros coronatus*) in Mirzapur, U. P., xxvi, 671 ; The Cuckoo (*Cuculus canorus*) in Mirzapur, U.P., xxvi, 671; The Great Indian Bustard (*Eupodotis edwardsi*) in Mirzapur District, U. P., xxvi, 673 ; The Blue-breasted Quail (*Excalfactoria chinensis*), Mirzapur, xxvi, 1044 ; The Red Turtle Dove (*Œnopopelia. t. tranquebarica*), in Unao, U. P., xxvi, 1044 ; Large Flock of Comb Duck (*Sarcidiornis melanonotus*), in the Allahabad District of the U. P., xxvii, 638 ; Further Notes on Indian Nightjars, xxvii, 948 ; A Description of the Nests and Eggs of the Common Birds occurring in the Plains of the United Provinces, Part I, xxviii, 1069 ; Part II, xxix, 107 ; Part III, xxix, 334 ; Part IV, xxix, 757 ; Part V, xxix, 963 ; Part VI, xxx, 273 ; Birds' nesting in the Bhillung Valley, Tehri Garhwal, xxv, 494 ; Notes on the Nidification and Habits of Some Birds in British Garhwal, xxviii, 140 ; A Sporting Trip to the Pindari Glacier, Part I, xxx, 42 ; Part II, xxx, 380 ; Rough List and Notes of the Birds found breeding in the Gonda District, Oudh, xxviii, 751 ; Occurrence of the Nepal Kalij Pheasant at Mussoorie, xxx, 917.

Bengal—The Indian Grackle or 'Hill Mynah' (*Graculus intermedius*) resident in Calcutta, xxv, 297 ; Occurrence of the Ashy Wood-Pigeon (*Alsocomus pulchricollis*) in the Jalpaiguri District, xxv, 300 ; Black-headed Sibia (*Lioptila capistrata*) in the Jalpaiguri District, Bengal, xxv, 742 ; Occurrence of the White-Tailed Blue Robin (*Notodela leucura*) in the Buxa Duars District, Bengal, xxv, 742 ; The Burmese Peafowl (*Pavo muticus*) in the Chittagong Hill Tracts, Bengal, xxvi, 673 ; A Tentative List of the Vertebrates of the Jalpaiguri District, Bengal, Part I, xxvi, 819 ; Part II, xxvi, 988 ; Part III, xxvii, 151 ; Eastern Solitary Snipe Shot at Nabban Island, Chilka Lake, on the 16th December, 1921, xxviii, 1133 ; Notes on the Birds of the Sikkim Himalayas, Part I, xxix, 503 ; Part II, xxix, 723 ; Part III, xxix, 1007 ; Part IV, xxx, 54 ; Part V, xxx, 352 ; Part VI, xxx, 664 ; Part VII, xxx, 872 ; Late Stay of Snipe in 1922 in Bengal, xxix, 296 ; Occurrence of the Scaup Duck (*Fuligula marila*) in Northern India, xxx, 703.

ASSAM—Note on Kalij Pheasant, especially on a specimen from the Goalpara District, Assam, xxv, 505 ; The Spine-tailed Swift (*C. indica*) and the Burmese Swift (*C. pacificus*) in Assam, xxvii, 631 ; The Sheldrake (*Tadorna cornuta*) in Manipur State, xxvi, 675 ; Notes on Small Game Shooting in the Khasia Hills, xxx, 441 ; Weights of Woodcock in Shillong, xxx, 919 ; Distribution of the Himalayan Impeyan Pheasant or Monal (*L. impeyanus*), xxx, 478.

BURMA—A List of Birds from the North Chin Hills, xxv, 72; Further Notes on Birds nesting in the Tons Valley, xxv, 493 ; Some Further Notes on Cuckoos in Maymyo, xxv, 742 ; Miscellaneous Notes on Some Birds in the Chin Hills, Burma, xxv, 750 ; Notes on Kalij Pheasants in the Chin Hills, xxvi, 289 ; An Addition to the Game Birds of Burma. The Long-billed Hill Partridge (*Rhizothera longirostris*, Temm.) in Tenasserim, xxvi, 291; Natural History Notes from Fao, xxvi, 292 ; The Black-breasted Kalij Pheasant (*Gennæus horsfieldi*), east of the Irrawaddy, xxvi, 848 ; Late Stay of Pintail Snipe (*Gallinago stenura*) in Burma, xxvi, 850 ; Migration of Snipe in Burma, xxvi, 850 ; Notes on Some Nests recently found in South Tenasserim, xxvi, 853 ; Some Observations on the Birds and Mammals of Iman Bum, xxvii, 754 ; Occurrence of the White-headed Black Bulbul (*Hypsipetes leucocephala*) within Indian Limits, xxix, 559 ; A Note on the Eastern Red-legged Falcon (*Erythropus amurensis*), xxix, 292 ; The Cotton Teal, xxx, 702.

CENTRAL PROVINCES—Birds of Pachmarhi, xxviii, 453 ; Occurrence of the Flamingo (*P. roseus*) in the Central Provinces, xxviii, 549 ; The Occurrence of the Blue-bearded Bee-eater (*Nyctiornis athertoni*) in the C. P., xxviii, 805 ; Note on Nightjars in the Central Provinces, xxviii, 806 ; A Curious Incident while Duck shooting, xxix, 563 ; Late Stay of Pintail (*Dafila acuta*) in the C. P., xxix, 839.

CENTRAL INDIA—Late Stay of Common Snipe (*Gallinago cælestis*) in Central India, xxvi, 849 ; Late Stay of Snipe in 1922 in Central India, xxix, 296 ; Notes on the Big Game and Duck of Dhar State, xxvi, 341.

BOMBAY PRESIDENCY—Occurrence of the Wood-snipe (*Gallinago nemoricola*) in Salsette, xxv, 149 ; Occurrence of the Lesser Florican or Likh (*S. aurita*) in the Mahableshwar Hills, xxvi, 289 ; Occurrence of Indian Red-breasted Flycatcher (*Siphia hyperythra*) in the Deccan, xxvi, 667 ; Notes on the Occurrence of the Lesser Florican or Likh (*Sypheotis aurita*) in Bombay, xxvi, 674 ; Occurrence of the Common Sheldrake (*Tadorna cornuta*) and the Marbled Duck (*Marmaronetta angustirostris*) in Kathiawar, xxvi, 674 ; Extension of the Range of the Green Imperial Pigeon (*Carpophaga ænea ænea*) in Western India, xxvi, 846 ; Appearance of the Mute Swan (*Cygnus olor*) near Poona, xxix, 287 ; List of Small Game Shot in Mhow during 1921–22, xxix, 293; Late and Early Snipe in the Deccan, Poona District, xxix, 837 ; Southern Range of the Mallard (*Anas boscas*), xxix, 1052 ; Shikar near and around Poona, xxviii, 1075 ; The Adjutant Bird and other matters, xxviii, 287; Snipe on Dry Stony Ground, xxx, 225.

MADRAS PRESIDENCY—The Cotton Teal in Malabar, xxvi, 674 ; Common Pochard (*N. ferrina*) at Bangalore, xxvii, 172 ; Rough Notes on the Avifauna of the Nelliampathy Hills, xxvii, 939 ; Occurrence of the Pied Ground Thrush (*Geocichla wardi*) on the Nelliampathy Hills, xxvii, 944 ; The Avifauna of the Nelliampathy Hills, xxviii, 279 ; Occurrence of the

Malay Bittern (*Gorsachius melanolophus*) at Ootacamaud, S. India, xxvii, 547 ; Occurrence on the Nilgiris of a Partial Albino of the Southern Indian Scimitar Babbler (*Pomatorhinus horsfieldi travancoriensis*) (Hannington), B. I. No. 120, xxviii, 1135 ; Further Notes on the Avifauna of the Nelliampathy Hills, xxix, 294 ; Plumage of Adult Mallard (*Anas platyrhynchus*) and Notes on Woodcock and Woodsnipe in the Nilgiris, xxix, 564 ; On the Birds of the Nelliampathy Hills, xxix, 564 ; Woodcock in the Nilgiris, xxix, 841 ; The Southern Range of the Great Indian Bustard (*Eupodotis edwardsi*), xxx, 225 ; Occurrence of *Pelecanus roseus* in the Vizagapatam District, xxx, 483 ; Identity of the ' Devil Bird ' of South India, xxx, 484 ; Fresh Light on the Identity of the ' Devil Bird ', xxx, 914 ; Extention of the Range of the Bronze-winged Dove, xxvi, 671 ; A Day's shooting on the Nilgiris near Ootacamund, xxviii, 434 ; A Note on the Early Arrival of Flamingo in India, xxx, 226.

RAJPUTANA—Late Stay of Teal (*Nettium crecca*), xxv, 301 ; The Occurrence of the Mallard in Rajputana, xxix, 277.

NICOBARS—A Survey Season in the Nicobar Islands, xxviii, 970.

BEHAR—Further Occurrence of the Rose-coloured Starling (*Pastor roseus*) and the Flamingo (*Phœnicopterus roseus*) in the Darbhanga District, Behar, xxvi, 853 ; Occurrence of the Indian Pitta (*Pitta brachyura*) in the Darbhanga District, Behar, xxvii, 402 ; Snaring Quail in North Behar, xxvii, 947 ; The Fauna of the Darbhanga District, North Behar, xxix, 136 ; Further Notes on Snaring Quail in North Behar, xxix, 565 ; Arrival of Duck and Teal in the Darbhanga District, Behar, xxv, 499.

BIRDS (NIDIFICATION.)

CORVIDÆ—Crows' Nests and Electric Cables, xxx, 913.

PARIDÆ—Double Nest of Kashmir Great Tit (*Parus major kaschmiriensis*), xxix, 837.

TIMALIIDÆ.—A Few Notes on the Nests and Eggs of some of the Burmese Scimitar Babbler, xxv, 748 ; Note on the Nesting Habits of the Spotted Babbler (*Pellorneum ruficeps*), xxix, 292 ; Nidification of the Western Spotted Babbler (*P. ruficeps*), xxix, 1053.

PYCNONOTIDÆ—The Breeding of the White-eared Bulbul (*Molpastes leucotis*), xxv, 297 ; Nidification of the Southern Red-whiskered Bulbul (*Otocompsa emeria fuscicaudata*), xxviii, 545 ; Curious Site for Nest of the Bengal Red-vented Bulbul (*Molpastes hæmorrhous bengalensis*), xxviii, 1135 ; The Incubation Period of Bulbuls' Eggs, xxix, 1056 ; Nesting of Bingham's White-headed Bulbul (*Cerasophila binghami*), xxx, 223 ; The White-cheeked Bulbul (*Molpastes leucogenys*), xxvi, 286.

CERTHIIDÆ—Notes on the Nesting of the Himalayan Tree-creeper (*Certhia himalayana*), xxviii, 1138 ; Nidification of the Himalayan Tree-creeper (*Certhia himalayana*), xxix, 557.

TURDIDÆ—Nesting Habits of the Brown Rockchat (*Cercomela fusca*), xxvi, 667 ; Maternal Instinct of the Pied Bush-chat (*Pratincola caprata*), xxvi, 843 ; Nesting Habits of the Brown Rock-chat (*Cercomela fusca*), xxvi, 843 ; Nidification of the Ceylon Thrush (*O. imbricata*, Layard), xxviii, 546 ; Nidification of the Ceylon Thrush (*O. imbricata*), xxviii, 1130 ; Breeding of the Eastern White-spotted Bluethroat (*C. c. abbotti*), xxx, 477 ; Nidification of the Ceylon Arrenga (*A. blythi*), xxviii, 1131.

MUSCICAPIDÆ—On the Oology of the Niltavas, xxvii, 405 ; The White-spotted Fantail Flycatcher (*Rhipidura pectoralis*), xxviii, 282.

SYLVIIDÆ—Note on the Eggs of Indian Wren-Warbler (*Prinia inornata*), xxvi, 1043 ; The Breeding of the Eastern Orphean Warbler (*Sylvia jerdoni*, Blyth), in the N. W. Frontier Province, xxvii, 630.

FRINGILLIDÆ.—Nesting of the Yellow-throated Sparrow at Kalaw, Shan States (*Gymnoris xanthosterna xanthosterna*), xxx, 477.

HIRUNDINIDÆ—Notes on the Nidification of Hodgson's Striated Swallow (*Hirundo nepalensis*), xxvii, 631.

MOTACILLIDÆ—On the Breeding of Certain Wagtails, xxix, 281 ; On the Breeding of the Indian Tree-pipit (*Anthus hodgsoni*) in Kulu, xxx, 701.

NECTARINIIDÆ—Nidification of the Small Streaked Spider Hunter (*Arachnothera aurata*), xxvi, 669 ; Nesting Site chosen by the Purple Honey Sucker (*Arachnechthra asiatica*), xxviii, 1136 ; Nest of Mrs. Gould's Yellow-backed Sunbird (*Æthopyga gouldiæ*), xxix, 1052 ; Nesting of Walden's Yellow-backed Sunbird (*Æthopyga sanguinipectus*), xxix, 1053.

PITTIDÆ—The Breeding of the Indian Pitta, xxviii, 284 ; Breeding of the Indian Pitta (*Pitta brachyura*) and the Streaked Wren Warbler (*Prinia lepida*), xxviii, 1135.

PICIDÆ—The Nidification of the Malabar Great Black Woodpecker (*Thriponax hodgsoni*), xxix, 561.

ALCEDINIDÆ—Nesting Habits of the Indian White Breasted Kingfisher (*Halcyon smyrnensis fusca*), xxx, 477 ; Woodpecker occupying Nest Box, xxviii, 1137.

BUCEROTIDÆ—Notes on the Nidification of the Common Grey Hornbill (*Lophoceros birostris*), xxv, 503.

UPUPIDÆ—Curious Nesting Site of the Indian Hoopoe (*Upupa indica*), xxvii, 171.

MICROPODIDÆ—The Crested Swift (*Micropteryx coronata*), xxviii, 283.

FALCONIDÆ—Note on the Indian Long-billed Vulture (*Gyps indicus*), xxv, 287 ; Nidification of the Himalayan Long-billed Vulture (*Gyps tenuirostris*), xxvii, 951 ; Nidification of the Black Vulture or Indian King Vulture (*Otogyps calvus*), xxviii, 284 ; Nidification of the Black Vulture or Indian King Vulture (*Otogyps calvus*), xxix, 295 ; White Scavenger Vulture (*N. ginginianus*) nesting on the Ground, xxx, 224 ; Nidification of Bonelli's Eagle, xxv, 499.

COLUMBIDÆ—Breeding of the Eastern Wood Pigeon (*Palumbus casiotis*) in the Punjab Salt Range, xxix, 295.

PTEROCLIDÆ—The Occurrence, Habits and Breeding of the Spotted Sand-grouse (*Pteroclurus senegallus*) in Bahawalpur State, Punjab, xxviii, 807 ; Breeding of the Painted Sandgrouse in the Punjab Salt Range, xxx, 917 ; Habits of the Painted Sandgrouse (*Pterocles fasciatus*) xxvi, 672.

PHASIANIDÆ—The Breeding Habits of Mrs. Hume's Pheasant, xxvi, 289 ; Nidification of Stone's Pheasant (*Phasianus elegans*), A Correction, xxvi, 673 ; Note on the Breeding of the Hill Partridge (*Arboricola torqueola*) near Simla, xxvi, 849 ; Abnormal Eggs of the Monal (*Lophophorus*

refulgens), xxvii, 953 ; Breeding of the Khyah or Marsh Partridge (*Francolinus gularis*) in Captivity in Behar, xxviii, 287 ; The Nidification of the Common or Grey Quail (*Coturnix coturnix coturnix*), xxx, 226.

HELIORNITHIDÆ—The Nidification of the Masked Finfoot (*Heliopais personata*), xxvii, 634.

OTIDIDÆ—Description of Chick of the Bengal Florican (*Sypheotis bengalensis*), xxviii, 1133.

JACANIDÆ—Eggs of the Pheasant-tailed Jacana (*H. chirugus*), xxvii, 954.

CHARADRIIDÆ—On the Breeding of the Black-winged Stilt (*Himantopus candidus*), xxix, 838.

LARIDÆ—The Breeding of the Gull-billed Tern (*Sterna anglica*), xxv, 300.

CICOINIDÆ—Breeding of the Black-necked Stork (*Xenorhynchus asiaticus* xxvii, 171 ; Note on the Breeding Season of the Painted Stork (*Pseudotantalus leucocephalus*), xxix, 561.

ARDEIDÆ—The Nesting of the Little Green Heron in the District of the 22-Pergannas, xxx, 918.

ANATIDÆ—Nidification of the Lesser or Common Whistling Teal (*Dendrocycna javanica*), xxv, 499 ; Nesting of the Nukta or Comb Duck (*S. melanonotus*), xxvii, 637 ; The Cotton Teal, xxx, 702.

BIRDS (NESTING) GENERAL—

Further Notes on Birds nesting in the Tons Valley, xxv, 493 ; Birds nesting in the Bhillung Valley, Tehri Garhwal, xxv, 494 ; Curious Position of a Dove's Nest, xxv, 507 ; Different Birds nesting in Company, xxvi, 853 ; Birds of Different Species nesting in Company, xxvi, 1044 ; Birds of Different Species nesting in Company, xxvii, 171 ; Some Curious Nesting Places, xxviii, 285 ; Destruction of Birds' Nests, xxviii, 286 ; Nest Boxes for Birds, xxviii, 460 ; Destruction of Bird's Nests, xxviii, 798 ; Birds nesting with a Camera in India, Part I, xxix, 947 ; Part II, xxx, 97 ; Part III, xxx, 306 ; Part IV, xxx, 589 ; Part V, xxx, 793 ; Wire Nests, xxix, 1055 ; Rough List and Notes on the Birds found breeding in the Gonda District, Oudh, xxviii, 753 ; Notes on the Nidification of Certain Birds in Ladak, xxvii, 141.

BIRDS (HABITS)—

Large Pintail Sandgrouse (*P. a. caudacutus*) settling on Water, xxv, 149 ; Notes on the Great Brown Vulture (*Vultur monachus*) in Captivity, xxv, 298 ; Some Notes on the Burmese Peafowl (*Pavo muticus*) in Captivity, xxvi, 500 ; Notes on the Habits of the Mallard (*Anas boscas*), xxvi, 291; Indian Grey Shrike (*Lanius lahtora*) attacking Wounded Sandgrouse xxvi, 667 ; Note on the Large Brown Thrush (*Zoothera monticola*), xxvi, 668 ; Habits of the Painted Sandgrouse (*Pterocles fasciatus*), xxvi, 672 ; Feeding Habits of the Little Egret (*Herodias garzetta*), xxvi, 852 ; Strange Behaviour of a Wild Bird, xxvi, 1043 ; Hovering Habit of the Spotted Owlet (*Athene brahma*), xxvi, 1045 ; Egret and Lizard, xxvii, 172 ; The Great Indian Hornbill (*Dichoceros bicornis*), xxvii, 174 ; The Desert Dark (*Alœmon desertorum*), xxvii, 400 ; A Note on the Habits of the Pariah Kite (*Milvus govinda*) and the Adjutant Stork (*Leptoptilus dubius*), xxvii, 633 ; Notes on the Habits

of *Anthracoceros albirostris*, the Indo-Burmese Pied Hornbill, in Confinement, xxvii, 950; The Lämmergyer (*Gypaëtus barbatus*) and the Golden Eagle (*Aquila chrysaëtus*), xxvii, 952; Roosting Habits of the Common Babbler (*Argya caudata*), xxxviii, 280; Behaviour of the White-cheeked Bulbul (*Molpastes leucogenys*) when its young is in danger and the ? parental instinct of love for the offspring displayed by the Dark Grey Bush Chat (*Oreicola ferrea*), xxviii, 280; Habits of the Southern Scimitar Babbler, xxviii, 545; Woodpeckers ' Roosting ' xxviii, 546; Predaceous Habit of the Common King Crow, xxviii, 546; On the Homing Fight of the Common House Crow (*Corvus splendens*), xxviii, 804; Notes on the Habits of a Young Hornbill, xxix, 280; On the Habits of the White-headed Duck (*Oxyura leucocephala*), xxix, 284; The Roosting flight of Crows, xxix, 289; The Homing Flight of the Common House Crow (*Corvus splendens*), xxix, 290; Drongo and Cicada, xxix, 839; Birds attacking a Snake, xxix, 840; Predatory Habits of the Magpie, xxx, 914; Note on the Nidification and Habits of some Birds in British Garhwal, xxviii, 140; The Occurrence, Habits and Breeding of the Spotted Sandgrouse (*Pteroclurus senegallus*) in the Bahawalpur State, Punjab, xxviii, 807; The Common Indian Bee-eater, xxviii, 1130; The Shikra (*Astur badius*), xxix, 560; The Burmese Barred-Back Pheasant (*Phasianus humiæ burmanicus*), xxix, 562; Hawks and Swallows, 915; The Call of Franklin's Nightjar (*Caprimulgus monticola*), xxviii, 284; The White-throated Ground Thrush (*Geocichla cyanotus*) as a Mimic, xxviii, 805; Note on a Fight between the Indian Screech Owl and a Cobra, xxviii, 552; Is the Dhayal (*Copsychus saularis*) a Mimic, xxviii, 1133.

BIRDS (FOOD)—

Food of Bulbuls, xxv, 503; Food of the Burmese Roller (*C. affinis*) and the Ashy Drongo (*D. nigrescens*), xxvii, 955; The Food of the Shikra (*Astur badius*), xxviii, 807.

BIRDS (MIGRATION)—

Flight of Migrating Birds, xxix, 146; Notes on the Migration of Duck and Teal, xxix, 279; A Note on the Migration of the Eastern Grey Wagtail (*Motacilla cinerea melanope*), xxix, 287; Migration of Eagles, xxix, 1054; Eversman's Redstart (*Phœnicurus erythronotus*, Eversm.) xxvii, 403; A Note on the Eastern Red-legged Falcon (*Erythropus amurensis*), xxix, 292.

BIRDS (VARIATION AND PLUMAGE)—

Abnormal Varieties of the Indian Redstart (*R. rufiventris*) and the Common House Crow (*C. splendens*), xxvi, 289. The Colour of the Eye of the Female White-eyed Pochard (*Nyroca africana*), xxvi, 290; Variety of the Common House Crow (*C. splendens*) at Jhang, Punjab, xxvi, 843; An Albino Swallow, xxvi, 844; Abnormal Variety of the Green Bee-eater (*Merops viridis*), xxvi, 844; Abnormal Coloured Egg of the Pheasant-tailed Jacana (*Hydrophasianus chirurgus*), xxvii, 403; Melanism in the Red-vented Bulbul (*Molpastes* sp.), xxvii, 629; An Albinoid *Otocompsa emeria*, xxviii, 281; An Albino Shoveller (*Spatula clypeata*), xxix, 285; The Great Indian Hornbill (*D. bicornis*), xxix, 294; Plumage Display by the Sirkeer Cuckoo,

xxix, 299; A Note on the White-bellied Sea Eagle (*Haliaëtus leucogaster*), xxix, 1059; An Albino Hoopoe, xxx, 916; The Plumage of the Purple Honeysucker (*Arachnechthra asiatica*), xxv, 286.

BIRDS (STRUCTURAL)—

The Height at which Birds are able to fly, xxv, 302; The Span of Large Birds, xxv, 302; xxv, 752; The Weights of Pintail and Fantail Snipe, xxv, 306, The Mechanics of the Soaring Bird, xxx, 479; Weights of Woodcock in Shillong, xxx, 919; Records with Snipe, xxx, 920.

BIRDS (ECONOMICS)—

Egret farming in India, xxviii, 751; Egret farming in Sind, xxvii, 944; xxviii, 748.

BIRDS (PROTECTION)—Cruelty to Wildfowl, xxix, 296.

BIRDS (SHOOTING) Notes on the Big Game and Duck of Dhar State, xxvi, 841; Small Game Shooting in Kashmir and the Adjacent Hill Provinces, xxix, 653; A Sporting Trip to the Pindari Glacier, Part I, xxx, 42; Part II, xxx, 380; A Day's Shooting on the Nilgiris near Ootacamund, xxviii, 434; The Barton Shooting Seat, xxv, 515.

BIRDS (SYSTEMATIC)—

The Game Birds of India, Burma and Ceylon—

Part XXI—The Common Jungle Fowl, Burmese Jungle Fowl, Grey Jungle Fowl and Ceylon Jungle Fowl (plate), xxv, 1.

Part XXII—The White-crested Kalij, Nepal Kalij, Black-backed Kalij Black-breasted Kalij, William's Kalij Pheasants (plate), xxv, 161.

Part XXIII—Oates' Silver Pheasant, Grant's Silver Pheasant, the Chinese Silver Pheasant, Yunnan Silver Pheasant, Ruby Mines Silver Pheasant, Mrs. Hume's Pheasant and Stone's Pheasant (plate), xxv, 325.

Part XXIV—The Koklas or Pukras Pheasant, Kashmir Koklas, Nepal Koklas, Chesnut-mantled Koklas, Meyer's Koklas, the Yellow-necked Koklas and Amherst Pheasant (plate), xxv, 521.

Part XXV—The Cheer Pheasant, The Fire-back, Siam Fire-back (plate), xxvi, 1.

Part XXVI—The Monal Pheasant, the Impeyan Pheasant or Monal, Sclater's Monal (*Lophophorus l'huysii*) (plate), xxvi, 319.

Part XXVII—The Crimson-horned Pheasant, xxvi, 705.

Part XXVIII—The Grey-bellied Horned Pheasant the Western Tragopan, the Tibetan Tragopan, Temminck's Tragopan, Cabot's Tragopan (plate), xxvi, 885.

Part XXIX—Ceylon Spur-Fowl, The Red Spur-Fowl, Stuart's Red Spur-Fowl, the Aravalli Spur-fowl, The Painted Spur-Fowl, the Mountain Quail (plate of *Galloperdix bicalcarata*), xxvii, 1.

Part XXX—The Assam Black Partridge, the Northern Indian Black Partridge, the South Persian Black Partridge, the Southern Painted, Partridge (plate of *Francolinus f. melanonotus*), xxvii, 193; The

Arrakan Red-throated Hill Partridge, Tickell's Red-throated Hill Partridge, the Red-breasted Hill Partridge, the White-cheeked Hill Partridge, the Brown-breasted Hill Partridge, the Green-legged Hill Partridge, the Ferruginous Wood Partridge, the Long-billed Wood Partridge (plate), xxviii, 1.

Part XXXI—The Northern Painted Partridge, the Eastern or Chinese Francolin, The Kyah or Marsh Partridge, xxvii, 417 ; The Indian Chukor, Hume's Chukor (plate), xxviii, 305.

Part XXXII—The Rufous-necked Hill Partridge, the Common Hill Partridge, Ogilvie Grant's Hill Partridge, the Simla Hill Partridge, Blyth's or Rufous-throated Hill Partridge, (plate of *Arboricola r. rufogularis*), xxvii, 651 ; The Tibetan Partridge, the Kansu Partridge (Plate of *Perdix hodgsoni hodgsoni*), xxvii, 571.

Part XXXIII—The See-see (plate), xxviii, 823.

Part XXXIV—The Indian Blue-breasted Quail (plate), xxix, 1.

Part XXXV—The Jungle Bush Quail, the Rock Bush Quail (Plate), xxix, 309.

Part XXXVI—The Black-breasted or Rain Quail, The Common or Grey Quail ; The Japanese Grey Quail (plate) xxix, 577.

Part XXXVII—The Painted Bush Quail, Primrose's Bush Quail, The Manipur Bush Quail, Blewitt's Bush Quail (plate), xxix, 849.

Part XXXVIII—The Tibetan Snow Cock (*Tetraogallus t. tibetanus*) (plate), xxx, 1.

Part XXXIX—The Snow Partridge (*Lerwa lerwa*) (Plate), xxx, 236.

BIRDS OF THE INDIAN EMPIRE—

Part I—*Corvidæ*, *Paridæ*, *Paradoxornithidæ*, *Turdoididæ*, xxvii, 228.

Part II—*Turdoididæ*, *Sibienæ*, *Liothrichinæ*, *Sittidæ*, *Dicruridæ*, *Trogolodytidæ*, *Regulidæ*, *Sylviidæ*, xxvii, 488.

Part III—*Laniidæ*, *Oriolidæ*, *Eulabetidæ*, *Sturnidæ*, *Muscicapidæ*, *Turdidæ*, *Phœnicurinæ*, *Brachypteryginæ*, *Turdinæ*, *Cinclinæ*, *Prunellidæ*, *Plocienæ*, *Viduinæ*, *Fringillidæ*, *Coccothraustinæ*, *Fringillinæ*, *Ampellidæ*, *Hirundinidæ*, *Motacillidæ*, *Alaudidæ*, xxvii, 692.

Part IV—*Zosteropidæ*, *Nectariniidæ*, *Chalcocopariidæ*, *Pittidæ*, *Eurylaimidæ*, *Picidæ*, *Indicatoridæ*, *Capitonidæ*, *Coraciidæ*, xxviii, 85.

Part V—*Meropidæ*, *Alcedinidæ*, *Bucerotidæ*, *Upupidæ*, *Micropodidæ*, *Caprimulgidæ*, *Podargidæ*, *Trogonidæ*, *Cuculidæ*, *Psittacidæ*, xxviii, 313.

Part VI—*Strigidæ*, *Pandionidæ*, *Gypidæ*, *Falconidæ*, xxviii, 576.

Part VII—*Columbidæ*, *Pteroclidæ*, *Phasianidæ*, *Megapodidæ*, *Turnicidæ*, *Rallidæ*, *Megalornithidæ*, *Otididæ*, *Burhinidæ*, *Charadriidæ*, *Laridæ*, *Stercorariidæ*, xxviii, 830.

Part VIII—*Pelecaniidæ*, *Fregatidæ*, *Phalcrocoracidæ*, *Sulidæ*, *Phæthonidæ*, *Procellariidæ*, *Ibididæ*, *Plataleidæ*, *Ciconiidæ*, *Ardeidæ*, *Phœnicopteridæ*, *Anatidæ*, xxix, 9.

THE RAPTORES OF THE PUNJAB—xxv, 231.

THE BIRDS OF PREY OF THE PUNJAB—

Part I—Introduction, Pandionidæ, Vulturidæ, Falconidæ, xxvi, 247.

Part II—*Falconidæ* (*contd.*), xxvi, 629.

Part III—*Falconidæ* (*contd.*), xxvi, 826.

Part IV—*Falconidæ* (*contd.*), xxvi, 1000.

Part V—*Falconidæ* (*contd.*), xxvii, 128.

Part VI—*Falconidæ* (*contd.*), xxvii, 280.

Part VII—A key to the Birds of Prey on the Wing, xxvii, 606.

BIRDS (GENERAL)—

On Asiatic Starlings, xxvi, 380; Supplementary Notes on Some Indian Birds, xxvi, 424; Sub-species and the Field Naturalist, xxvi, 518; Extracts from ' A Monograph on the Pheasants ' by William Beebe, xxvi, 847; The Trinomial System as applied to Indian Birds, xxix, 560; Note on a Supposed New Race of *Otocorys alpinus*, the Horned Lark, xxix, 560; An Addition to the Indian List of Birds (*Emberiza miliaria*), xxv, 742; *Luscinia suecica pallidogularis*, xxviii, 544; Dr. Ticehurst's Appeal, xxviii, 1107; Folklore of Birds and Beasts in India, xxviii, 562; A Brief Reply to Some Criticisms on the Second Edition of the Avifauna of British India, xxx, 207; Accidents to Vultures, xxvi, 1045; Falconry—The Catching of Hawks and Falcons, xxvii, 829; Shakespeare on the Noble Art of Hawking, xxviii, 161; Manipuri Names of Certain Birds, xxviii, 288; Some Comments and Corrections of Previous Articles in the Journal, xxviii, 1117; Folklore of Birds and Beasts of India, xxviii, 1149.

BLACK BUCK—*See* MAMMALS.

BLANDY, CAPT. R.—The Breeding Habits of Mrs. Hume's Pheasant, xxvi, 289.

INDIVIDUAL SPECIES.—Notes on the Habits of Butterflies (*Zeuxidia masoni* and *Xanthotænia busiris*), xxvi, 869 ; Curious Method of Feeding noted in *Danais limniace*, Cram, xxvi, 1047 ; Strange Find of the Larva of the Butterfly *Teinopalpus imperialis*, xxvii, 178 ; Extraordinary Display of '*Leucodice soracte*' of the Genus 'Aporia', xxvii, 354 ; Protective Habit of the larva of *Trypanophora semihyalina*, Koll., xxvi, 693 ; The Ceylon Races of *Terias blanda*, Bdv., and *sari*, Horsf., xxx, 714.

INSECTS (HETEROCERA)—

MOTHS (GENERAL)—Note on a Flight of *Sphingidæ*, xxv, 155 ; Notes on the Larva of *Diliphila livornica* (Striped Hawk Moth), xxv, 156 ; Notes on the Habits of the Death's-Head Moth (*Acherontia styx*), xxv, 759 ; Notes

on the Larva of *Chærocampa alecto*, xxvi, 299 ; Life History of *Antheræa roylei*, the Oak Emperor Moth, xxvi, 300 ; Notes on the emergence from the Cocoon in *Lasiocampidæ*, xxvi, 691 ; The Hawk Moth, (*Dilephila, livornica*), A Correction, xxvi, 872 ; The Life History of rare and little known *Sphingidæ* (Hawk Moths) of the Oriental Region, xxvii, 745 ; New Localities for rare and little known *Sphingidæ*, xxvii, 964 ; An Unusual Swarm of Moths, xxviii, 814 ; xxix, 567.

Moths (Systematic)—Moths of Mesopotamia and N. W. Persia, xxvii, 170 ; A New Hawk Moth, xxvii, 177.

Neuroptera—(Systematic)—

Dragonflies and Ant-Lions—

Part I.—Introduction and Terminology, xxv, 454.

Part II.—Key to Families. *Tetrathemis, Hylæothemis, Agrionoptera, Amphithemis*, xxv, 608.

Part III.—*Lyrothemis, Potomarcha, Lathrecista, Libellula, Cratilla, Orthetrum*, xxvi, 141.

Part IV.—*Palpopleura, Brachydiplax, Acisoma, Sympetrum, Diplacodes, Rhodothemis, Neurothemis, Bradinopyga, Crocothemis*, xxvi, 488.

Part V.—*Indothemis, Brachythemis, Zygonyx, Onychothemis*, xxvi, 734.

Part VI.—*Trithemis, Rhyothemis*, xxvi, 919.

Part VII.—*Rhyothemis, Pantala, Tramea, Hydrobasileus*, xxvii, 48.

Part VIII.—*Tholymis, Zygomma, Camacina, Aethriamantha, Urothemis, Macrodiplax, Selysiothemis*, xxvii, 253.

Part IX.—*Lyriothemis, Brachythemis, Nannophya* (Errata and Addenda), xxvii, 492.

Part X.—*Hemicordulia, Epophthalmia, Macronia, Phyllomacromia, Idionyx*, xxvii, 673.

Part XI—*Æschnidæ, Anax, Hemianax*, xxviii, 107.

Part XII.—*Anaciaeschna, Æschna*, xxviii, 481.

Part XIII.—*Jagoria, Periæschna, Austroæschna, Cephalæschna, Gynacanthsæchna*, xxviii, 610.

Part XIV.—*Gynacanthæschna, Anax, Amphisæschna, Gynacantha*, xxviii, 899.

Part XV.—*Cordulegasterinæ, Allogaster, Anotogaster, Cordulegaster, Orogomphus*, xxix, 36.

Part XVI—*Gomphinæ*, key to *Cordulegaster* and *Gomphinæ*, xxix, 324.

Part XVII.—*Lindenia, Ictinus, Gomphidia, Heterogomphus*, xxix, 659.

Part XVIII.—*Lamellogomphus, Mesogomphus, Onychogomphus*, xxix. 982

Part XIX.—*Onychogomphus*, xxx, 106.

Part XX.—*Stylogomphus, Ophiogomphus, Indogomphus*, xxx, 397

Part XXI—*Gomphus*, xxx, 657.

Part XXII.—*Heliogomphus, Microgomphus*, xxx, 846.

NEUROPTERA—(SYSTEMATIC)—

DRAGONFLIES—ANT-LIONS—

INDIAN DRAGONFLIES

Part I—(13 plates), xxv, 454.

Part II—(5 text-figures), xxv, 608

Part III—(12 text-figures), xxvi, 141.

Part IV—(14 text-figures), xxvi, 488.

Part V—(text-figures), xxvi, 734.

Part VI—(text-figures), xxvi, 919.

Part VII—(text-figures), xxvii, 48.

Part VIII—(text-figures), xxvii, 253.

Part IX—(4 text-figures), xxvii, 492.

Part X—(5 text-figures), xxvii, 673.

Part XI—(4 text-figures), xxviii, 107.

Part XII—(3 text-figures), xxvii, 481.

Part XIII—(5 text-figures), xxviii, 610.

Part XIV—(3 text-figures), xxviii, 899.

Part XV—(6 text-figures), xxix, 36.

Part XVI—(3 text-figures), xxix, 324.

Part XVII—(2 plates and 1 text-figure), xxix, 659.

Part XVIII—(2 plates and 2 text-figures), xxix, 982.

Part XIX—(1 plate and 2 text-figures), xxx, 106.

Part XX—(1 plate and 2 text-figures), xxx, 397.

Part XXXI—(1 plate and 1 text-figure), xxx, 657.

Part XXII—(1 plate and text-figure), xxx, 846.

The Female of the Dragonfly *Brachythemis fuscopalliata*, Ris., xxv, 282; Two New Indian Dragonflies, xxv, 383; The Undescribed Female of an Indian Dragonfly (*Hemicordulia asiatica*), xxvi, 685; Notes on Some New and Other Dragonflies, xxvi, 874; Some New Indian Dragonflies, xxvii, 147; A List of Dragonflies from Mahableshwar, xxvii, 540; Notes on New and Rare Indian Dragonflies, xxviii, 698; New Additions to the Odonate (Dragonfly) Fauna of India, xxx, 48; Libellulines at St. Thomas' Mount, Madras, xxvi, 685; A Note on the Occurrence of a Species of the Family Raphididæ in British India, xxviii, 1146.

DRAGONFLY COLLECTING IN INDIA, Part I, xxvii, 889; Part II, xxix, 48; Part III, xxix, 474; Part IV, xxix, 741.

TERMITES—(White-ants)—Notes on flying White-ants and Scorpions the feed on them, xxvi, 873; Termite Mounds, xxx, 25.

ORTHOPTERA—

GRASSHOPPERS, CRICKETS, MANTIS, ETC.—The 'Praying Mantis' as an Entomologist, xxv, 154; A Contribution to Our Knowledge of the

Orthoptera, Acridiodea of Mesopotamia and North-western Persia, xxvii, 803; Earwigs from Mesopotamia and North-western Persia, xxvii, 963; Three New Alpine Orthoptera from Central Asia, xxvii, 71; Records and Descriptions of Orthoptera form S. W. Asia, xxviii, 719; A Long Neglected Group of Insects, xxviii, 1149; Some New and Interesting Orthoptera from Persia, Baluchistan and Western India, xxix, 643; Notes on the Acrididae (Orthoptera) of Central Asia with descriptions of New Species and Races, xxx, 260; Some New Alpine Grasshoppers of the Genus Conophynea, Zab. from Central Asia, xxx, 551; The Name of a Mesopotamian Earwig, xxvii, 407.

COLEOPTERA—

BEETLES—Some Cerambycids from Kurseong, xxv, 155; Life History of the 'Buprestid' Leaf Miner, *Trachys bicolor*, Kermans, a pest on *Butea frondosa* in Mysore, xxvii, 178; Hopping Pupa of a Curculionid Beetle, xxvii, 407; New and Little known Indian Bombyliidæ, xxvii, 630; xxviii, 883; An Undescribed Coccinelid Beetle of Economic Importance, xxx, 491; A List of Heteromerous Colleoptera collected mainly during the War, by Members of H. M. Forces in Mesopotamia, xxx, 428.

INSECTS—HEMIPTERA—PLANT BUGS—Notes on the Supposed Effects of the Bite of a Pentatomid Bug (*Halys dentatus*), xxvi, 694; *Harpactor cortalis* Stal. preying on *Cerantia viridissima*, D.T., xxvi, 872; *Coptosoma ostensum*, Dist. and its enemy *Synia melanaria*, Muls., xxx, 924.

HOMOPTERA—

COCCIDS, SCALE INSECTS, CICADAS—Some South Indian Coccids of Ecomomic Importance, xxvi, 621.

THYSANOPTERA—

Two New Thysanoptera from South India, xxx, 788; An Annotated List of the Thysanoptera known from India and Ceylon, xxx, 861.

GENERAL—The Influence of the Monsoon on Insect Life in India, xxv, 511; Insects living in Snow at 14,000 ft., xxvii, 639.

INSECTS (HYMENOPTERA)—

BEES AND WASPS—A Catalogue of New Wasps and Bees, Part III, xxv, 92; Fight between *Vespa cincta*, Fabr, and *Polistes hebraeceus*, Fabr, xxv, 511; Nesting Habits of *Vespa dorylloides*, Sauss., xxvi, 301; Tenacity of Life of *Parapolybia orientalis*, xxvi, 693; A Note on the Insect-eating Habits of the Indian Hornet (*Vespa cincta*), xxvii, 960; A Note on Carpenter Bees in the Society's Collection, xxviii, 961; Annotated List of the Acculeate Hymenoptera (except Heterogyna) and Chrysids recently collected in Mesopotamia and North-west Persia (8 text-figures), xxvii, 816; xxviii, 192; On the Habits of a Sceliphron Wasp (*S. deforme*), xxviii, 293; Notes on the Status of Parasitic Hymenoptera in S. India, xxx, 487; An Oriental Hunting Wasp (*Sphex lobatus*), xxx, 735; Note on a Nest of the Common Indian Hornet, xxx, 858; Ants attacking Bees, xxvi, 878; Observations on the nesting of *Eumenes conica*, xxix, 304.

ANTS—A Note on the Function of the 'forceps' in Formiculidæ, xxvi, 688; Ants attacking Bees, xxvi, 878; The Red Ant, Part I, xxix, 362; Part II, xxix, 681; Part III, xxix, 908; Noises made by Ants, xxix, 567; The Cremastogaster Ant, xxx, 541.

INSECTS (*Diptera*)—

FLIES—The Distance Mosquitoes can fly, xxv, 511; On Indian Parasitic Flies, Part I, xxviii, 370; Part II, xxviii, 703; Part III, xxviii, 957.

IRELAND, S. G. De. C., I.C.S.—Nidification of the Lesser or Common Whistling Teal (*Dendrocycna javanica*) and Bonelli's Eagle (*Hieraëtus fasciatus*), xxv, 499.

ISOPODA, TERRESTRIAL—Of Mesopotamia and the Surrounding Districts, xxix, 93.

INVERARITY, J. D.—*See* OBITUARY.

JACKALS—*See* MAMMALS.

JACKSON, MRS. V. A.—Notes on a Young Hog-badger (*Arctonyx* sp.) in the Garo Hills, xxvi, 281; Panic among Elephants during an Earthquake, xxvi, 285; Further Notes on the Hog-badger, xxvi, 281.

JACOB, I. R., I.P.; An Arboreal Panther, xxv, 148.

JALPAIGURI,—*See* BIRDS, MAMMALS, REPTILES, FROGS, TOADS, FISH.

JONES, A. E.—A List of Birds from the Simla Hills, 1908-1918, xxvi, 601; Further Notes on the Birds of Amballa District, Punjab, xxvi, 675; Bird Notes from the Campbellpur—Attock District, Western Punjab, xxvii, 794; The Breeding of the Eastern Orphean Warbler (*Silvia jerdoni*, Blyth) in the N. W. Frontier Province, xxvii, 630; Occurrence of the Black-throated Diver (*Colymbus articus*) in India, xxviii, 1134; Nightjars on the Simla Hills, xxix, 286.

JONES, W. T. W.—A Curious Incident while Duck Shooting, xxix, 563.

JOOR—The Mysterious, xxvii, 175.

JOURDAIN, F. C. R.—Mesopotamian Bird Notes, xxvi, 860; White-headed Duck Shot near Quetta, xxvii, 954.

KARE, J. L.—Observation on the Nesting of *Eumenes conica*, xxix, 304.

KASHMIR—*See* BIRDS, MAMMALS.

KASHYAP, SHIV RAM, M.SC., B.A.—Liverworts of the Western Himalayas and the Punjab, with Notes on known Species and Description of New Species, xxv, 279.

KATHIAWAR—*See* MAMMALS.

KENNION, MISS I. A.—A Baby Hog Deer in Captivity (plate), xxviii, 271; Crocodile Shooting in Nepal, xxviii, 291.

KENNY, E. T.—Migration of Snipe in Burma, xxvi, 850.

KHANDALA—*See* MAMMALS (GEOGRAPHY).

KING, CAPT. E. O.—Common Pochard (*N. ferrina*) at Bangalore, xxvii, 172.

KING-CROW—(*See* BIRDS, HABITS).

KING VULTURE—*See* BIRDS.

KINLOCH, A. M.—The Cotton Teal in Malabar, xxvi, 674 ; The Habits of the Green Whip-snake (*Dryophis mycterizans*), xxvi, 681 ; Leopard Cat (*Felis bengalensis*) in Captivity, xxvii, 623.

KINLOCH, Lt. A. P.—Record Female, Nilgiri Thar (*Hemitragus hylocrius*), xxvi, 666 ; Rough Notes on the Avifauna of the Nelliampathy Hills, xxvii, 939 ; Occurrence of the Pied Ground Thrush (*Geocichla wardi*) on the Nelliampathy Hills, xxvii, 944 ; The Avifauna of the Nelliampathy Hills, xxviii, 279 ; Habits of the Southern Scimitar Babbler (*Pomatorhinus horsfieldi travancoriensis*), xxviii, 545 ; Nidification of the Southern Red-whiskered Bulbul (*Otocompsa emeria fuscicaudata*), xxviii, 545 ; Woodpeckers 'Roosting', xxviii, 546 ; Leach attacking a Snake, xxviii, 557 ; Food of the Snail (*Indrella ampula*), xxviii, 557 ; The White-throated Ground Thrush (*Geocichla cyanotus*) as a Mimic, xxviii, 805 ; Further Notes on the Avifauna of the Nelliampathy Hills, xxix, 294 ; The Great Indian Hornbill (*D. bicornis*), xxix, 294 ; The Large Mammals of the Nelliampathy Hills, xxix, 552 ; Nidification of the Malabar Great Black Woodpecker (*Thriponax hodgsoni*), xxix, 561 ; On the Birds of the Nelliampathy Hills, xxix, 564 ; Noises made by Ants, xxix, 567.

KINNEAR, N.B., c.m.z.s.—Note on the Malabar Slender Loris (*Loris lydekkerianus*), xxvi, 836 ; Extention of the Range of the Green Imperial Pigeon (*Carpophaga ænea ænea*) in Western India, xxvi, 846 ; The Giant Tortoise (living in Ceylon, plate), xxvi, 861 ; The Past and Present Distribution of the Lion in South-eastern Asia, xxvii, 33.

KLOSS, C. BODEN—Tree Shrews, Tsine and Serows, xxix, 555.

KULKARNI, L. B.—A Case of Plant Surgery, xxviii, 815.

KURSEONG—*See* Insects.

KYRLE, FELLOWES—Occurrence of the Lesser Florican or Likh (*S. aurita*) in the Mahableshwar Hills, xxvi, 289.

LADAK—*See* Birds, Mammals.

LAHORE—*See* Insects, Butterflies.

LANE, Major F. B.—Large Carp from Mesopotamia, xxvii, 176.

LANE, Major W.H.—The Game Fishes of the Persian Gulf, xxv, 121.

LAW, S. C.—Melanism in the Red-vented Bulbul (*Molpastes* sp.), xxvii, 629 ; Is the Dhayal (*Copsychus saularis*) a Mimic ? xxviii, 1133 ; An Albinoid *Otocompsa emeria*, xxviii, 281 ; The Incubation Period of Bulbul's Eggs, xxix, 1056 ; Note on the White-bellied Sea Eagle (*Haliaëtus leucogaster*), xxix, 1059.

LEOPARD, HUNTING—*See* Mammals.

LIGHT, Lt.-Col., R.—Size of Tigers xxvi, 659 ; Porcupine's Method of Shedding Quills when attacked, xxvi, 666.

LIGHT, Major, W. A.—A Large Carp from the Euphrates River, xxv, 308.

LINDGREN, OSCAR—Strange Find of the Larva of the Butterfly, *Teinopalpus imperialis*, xxviii, 178.

LION—*See* MAMMALS.

LISTON, LT.-COL. W., GLEN, M.D., PH.D., I.M.S., C.I.E.—A Note on a Case of a Bite by a Russell's Viper treated with Antivenine Intravenously, xxvii, 643.

LIVESEY, T. R.—Eggs of the Pheasant-tailed Jacana (*Hydrophasianus cherurgus*), xxvii, 954; Nest of Nukta or Comb Duck (*S. melanotus*), xxvii, 637; Birds of Mesopotamia, xxviii, 791; The Indian Lion, xxviii, 795; Birds of Mesopotamia, xxviii, 1119.

LIVERWORTS—*See* BOTANY.

LIZARD (S)—Description of a New — of the Genus *Acanthodactylus* from Mesopotamia, xxv, 373; Occurrence of *Calotis vestalis* and *ornata* at Unao, xxvi, 868; A List of — from Mesopotamia collected by the Members Mesopotamian Expeditionary Force, 1915–1919, xxvii, 351; Further — and Snakes from Persia and Mesopotamia, xxviii, 251; Notes on Some Frogs and Human Beings in the Nilgiri Hills, xxviii, 493; (Comment), xxviii, 791; Food of the Fat-tailed—(*Eublepharis macularius*), xxviii, 811; A New Stone Gecko from the Himalayas, xxviii, 1051; A Note on Cannibalism in a Gecko, xxx, 228; Vegetable Diet of the Common House —, xxviii, 409; Notes on a Large Monitor (*Varanus* sp.) in Ghazipur, xxix, 303; Notes on a Collection of Reptilia from Waziristan and the Adjoining Portion of the N.W. Frontier Province, xxix, 117; A Tentative List of the Vertebrates of the Jalpaiguri District, Bengal, Part I, xxvi, 819; Part II, xxvi, 988; Part III, xxviii, 151.

LOCUSTS—*See* INSECTS.

MALABAR—*See* BIRDS.

MALLARD—*See* BIRDS.

MAMMALS (GEOGRAPHY)—

ARABIA—A New Arabian Hare, xxviii, 28.

MESOPOTAMIA—A New Species of Nesokia from — (*Nesokia buxtoni*), xxvi, 422; Some New Mammal from — xxvi, 745; Report on the Mammals of — collected by Members of the Expeditionary Force, 1915-1919, xxvii, 323; Hyænas in —, xxvii, 936; Notes on Mammals, xxviii, 474.

PERSIA—A Bat of the Genus Rhinopoma from S. E. — (*Rhinopoma pusillum*), xxvii, 25; Report on a Collection of Mammal made by Col. J. E. B. Hotson in Shiraz, —, xxvii, 573.

BALUCHISTAN—Some New Mammals from — and North-west India, xxvi, 933.

TIBET—Notes on Some Sheep shot in Ladak, xxviii, 1123; A Good Head of the Goa or Tibetan Gazelle (*Gazella picticaudata*), xxvii, 626.

KASHMIR—Large Kashmir Stag Head (*Cervus cashmirianus*) xxvi, 1038; Big Game Shooting in — and the Adjacent Hill Provinces, xxviii, 45; Part II, xxviii, 334; Part III, xxviii, 595; Part IV, xxviii, 874; Part V, xxix, 23; On the Forms of Himalayan Serow (*Capricornis sumatrensis*), xxix, 824; The Mammals and Birds of — and the Adjacent Hill Provinces, xxix, 879; xxx, 118; Part III, xxx, 253; Part IV, xxx, 509.

PUNJAB—The Occurrence of the Ermine in the Punjab, xxvii, 624; A Panther shot in Simla, xxix, 827; A Novel Method of shooting Bear in the 'Gallies,' xxix, 1049; A Few Days after Urial in the Punjab, xxx, 838.

NORTH-WEST FRONTIER PROVINCE—A Panther shoot beyond Chakrata, xxx, 217.

SIND—The Spiny Mouse of Sind, xxv, 205; The Record Sind Wild Goat (*Capra hircus blythi*), xxx, 699.

United Provinces—Caracal (*Felis caracal*) and Hunting Leopard (*Cynælurus jubatus*) in Mirzapur, U. P., xxvi, 1041 ; A Sporting Trip to the Pindari Glacier, Part I, xxx, 42 ; Part II, xxx, 380.

Assam—Notes on a Takin Head from Assam, xxvi, 284 ; The Occurrence of the Stripe-backed Weasel (*Mustela strigidorsa*) in the Naga Hills, xxviii, 795 ; The Mishmi Takin (*Budorcas taxicolor*), xxix, 550 ; Elephant catching in Assam, xxix, 803 ; The Mishmi Takin, xxix, 830 ; Small Game Shooting in the Khasia Hills, xxx, 441 ; Tiger netting in —, xxx, 907.

Bengal—A Collection of Mammals made by H. Stevens in the Darjeeling District, xxix, 90 ; A Tentative List of the Vertebrates of the Jalpaiguri District, —, Part I xxvi, 819 ; Part II, xxvi, 988 ; xxvii, 151.

Central India—Notes on Big Game and Duck of Dhar State, xxvi, 841 ; Wild Animals in Central India, xxx, 694.

Central Provinces and Behars—A Central Province Tiger, xxx, 459 ; The Hunting Leopard (*Cynælurus jubatus*), xxvii, 397 ; The Occurrence of Hodgson's Bat (*Myotis formosus*) in the Central Provinces, xxx, 905.

Bombay Presidency—

Cutch—On the Rann of —, xxix, 274.

Gujarat—Panther at Kharaghoda, Ahmedabad District, xxx, 218.

Kathiawar—Kathiawar Black Buck, xxv, 147 ; The Hunting Leopard (*Cynælurus jubatus*) in Kathiawar, xxvii, 398.

Deccan—Field Rats in the Deccan in 1879, xxvi, 1042 ; Occurrence of the Tree Shrew (*Anathana wroughtoni*) at Khandala, Poona District, xxviii, 537.

Madras Presidency—

Nilgiris—Nilgiri Trap for catching Wild Animals, xxvi, 311 ; Record Female Nilgiri Thar (*Hemitragus hylocrius*), xxvi, 606 ; Breeding Season of the Nilgiri Langur, xxx, 691.

Malabar—The Slender Loris of Malabar, xxv, 45 ; Note on the—Slender Loris (*Loris lydekkerianus*), xxvi, 836 ; The Large Mammals of the Nelliampathy Hills, xxix, 553.

Ceylon—Notes on the Habits of Some — Bats, xxviii, 448 ; Some Notes on the — Gerbil, xxix, 214.

Nicobars—Buffalo in the —, xxv, 491 ;

Burma—Jackals in the Lower Burma, xxv, 146 ; Small Mammals from the Kachin Province, Northern Burma, xxvii, 499 ; Distribution of Serow in Burma, xxviii, 267 ; Wild Dogs in —, xxviii, 266 ; Some Observation of Birds and Mammals of Iman Bum, xxvii, 754.

Shan States—A New 'Leaf Monkey' from the Shan States, xxv, 46 ; The Shan State Langur—A Correction, xxv, 361.

Tenasserim—The Tupaias of South Tenasserim, xxv, 199 ; The Tree Shrew (*Tupaia belangeri*), xxviii, 796.

Siam—A journey to—and Back, Part I, xxix, 169 ; Part II, xxix, 378 ; Part III, xxix, 718 ; Part IV, xxix, 974 ; Part V, xxx, 418.

GENERAL—Distribution of the Different Races and Species of Takin (*Budorcas*), xxvi, 838; The Past and Present Distribution of the Lion in South-eastern Asia, xxvii, 33.

MAMMALS (HABITS)—

PRIMATES.—Note on the Malabar Slender Loris (*Loris lydekkerianus*), xxvi, 836; The Slow Loris (*Nycticebus coucang*), xxx, 215; Birth of a White-handed Gibbon in Captivity, xxx, 456.

FELIDÆ OR CAT TRIBE—An Arboreal Panther, xxv, 148; Panthers, xxv, 266; The Tiger and the Train, xxvi, 658; Tiger (*Felis tigris*) climbing Tree, xxvi, 837; Tiger and Goat, xxvii, 163; Tigers in Trees, xxvii, 164; Tigers in Trees, xxvii, 383; Man-eating Tigers on Saugor Island in the Eighteenth Century, xxvii, 385; Notes on Panthers, xxvii, 394; Leopard Cat (*Felis bengalensis*) in Captivity, xxvii, 623; Notes on Panthers, xxvii, 935; Panther in Tree with a Pig, xxvii, 935; Panthers and Artificial Light, xxviii, 265; A Panther's Indifference, xxviii, 275; An Interesting Panther Incident, xxviii, 535; Notes on Man-eating Tigers, xxviii, 1124; Tiger climbing a Tree, xxix, 276; Notes on Tigers and their Calls, xxix, 548; Strange Behaviour of a Panther (*F. pardus*), xxix, 549; The 'Sambhar Call' of the Tiger, xxx, 462; The 'Sambhar Call' of the Tiger, xxx, 905; Panther and Wild Dogs, xxx, 910; A Central Provinces Tiger, xxx, 459; An Encounter with a Fighting Tiger, xxx, 652.

CANIDÆ OR DOG TRIBE—Natural Death of a Fox, xxvi, 660; Spotted Deer (*Axis axis*), and Wild Dogs (*Cuon dukhunensis*), xxvi, 661; Wild Dogs (*Cuon dukhunensis*) and Sambhar, xxvii, 837; Wild Dogs in Burma, xxviii, 266; Notes on Jackals (*Canis indica indica*), etc., in a Compound, xxviii, 1122; Jackals attacking a Spaniel in the Compound, xxviii, 122; In the Haunts of the Indian Wild Dog (*Cuon dukhunensis*), xxix, 1046; Indian Wild Dogs attacking a Bear, xxx, 218; Panther and Wild Dogs, xxx, 910; Effect of a Scorpion's Sting on a Terrier, xxviii, 274; Wild Dogs and Jungle Tragedies, xxx, 691; Panther and Wild Dogs, xxx, 910.

VIVERRIDÆ—MUNGOOSES, ETC.,—Mungoose (*Mungos mungo*) killing a Hedgehog, xxvi, 660; The Habits of the Grey Mungoose, xxviii, 274.

MUSTELIDÆ—MARTENS, ETC.—Notes on a Young Hog-Badger, xxvi, 281; Some Notes on the Common Indian Otter, xxix, 275.

URSIDÆ—BEARS AND PROCYONIDÆ—CAT-BEARS—Tigress attacking Sloth Bear, xxvi, 659; A Large Bear (*U. labiatus*) shot near Guna, xxvii, 937; A Novel Method of shooting Black Bear in the 'Gallis', xxix, 1049; Indian Wild Dogs attacking a Bear, xxix, 218.

CHIROPTERA—BATS—Notes On the Habits of Some Ceylon Bats, xxviii, 448.

SCIURIDÆ—SQUIRRELS—The Indian Grey Squirrel (*Funambulus pennanti*), xxx, 467; Habits of the Brown Flying Squirrel (*Petaurista philippensis*), xxx, 460; The Woolly Flying Squirrel (*Eupetaurus cinereus*), xxx, 219.

MURIDÆ—RATS AND MICE, ETC.—Food of the Grey Musk Shrew (*Crocidura cærulea*), xxvii, 164; Expected Plague of Field Rats in 1920, xxvii, 165; Some Notes on the Habits of the Ceylon Gerbil, xxix, 214.

LEPORIDÆ—HARES AND HYSTRICIDÆ—PORCUPINES.—A Fight between a Dog and a Porcupine, xxv, 491; Porcupine's Mode of Attack, xxvi, 282; Method of Porcupine's Attack xxvi, 283; Method of Porcupine's Attack, xxvi, 283; Porcupine's Method of Attack, xxvi, 1038; Porcupine's Method of Attack, xxvi, 1040; A Porcupine-Panther Incident, xxix, 550; Notes on Porcupines, xxix, 831.

ELEPHAS, EQUUS, RHINOCEROTIDÆ AND TAPIRIDÆ.—Panic in Elephants during an Earthquake, xxvi, 285; Duel between Two Bull Elephants, xxx, 912; On White Elephants, xxvi, 285; Twin Calf Elephants, xxvi, 628; The Breeding of Elephants in Captivity xxviii, 537; Corrugations on Elephant Tusks, xxviii, 1126; The Breeding of Elephants in Captivity, xxviii, 1128; Elephant catching in Assam, xxix, 803; Large Tusks of Indian Elephant, xxix, 1044.

BOVIDÆ—GAUR, TSAING, MITHAN, YAK, BUFFALO.—Buffalo in the Nicobar Islands, xxv, 491; An Old Time Buffalo Hunt, xxvii, 627; Notes on the Tsaine, xxviii, 540; A Rough and Tumble with an African Buffalo, xxx, 196; An Unusually Large Cow Gaur, xxx, 219; Tree Shrews, Tsine and Serow, xxix, 555.

OVIS—SHEEP—Notes on some Sheep shot in Ladak, xxviii, 1123; Notes on Oorial, xxviii, 1126; A Few Days after Urial in the Punjab, xxx, 838.

Markhor, SEROW, GORAL, TAKIN—Notes on the Goral (*Nemorhædus goral*), xxix, 552; The Mishmi Takin (*Budorcas taxicolar*), xxix, 550; Tree Shrews, Tsine and Serow, xxix, 555; The Mishmi Takin, xxix, 830.

GAZELLE, BLACK BUCK, NILGAI, ANTELOPE—Black Buck *vs.* Motor, xxvii, 938; Black Buck and Jackal, xxix, 1050.

CERVIDÆ—DEER—Spotted Deer (*Axis axis*) and Wild Dogs (*Cuon dukhunensis*). xxvi, 661; Wild Dogs and Sambhar, xxvi, 837; Large Kashmir Stag Head (*Cervus cashmirianus*), xxvi, 1038; Sore Neck in Sambhar, xxvii, 937; Double Growth of Horns in Sambhar, xxvii, 938; A Baby Hog-deer in Captivity xxviii, 271; Deer Hunting in Shakespeare's Day, xxix, 217; Horns of a very Old Muntjac or Barking Deer (*Cervulus grandicornis*) xxx, 221.

PANGOLIN—The Indian Pangolin (*Manis pentadactyla*), xxviii, 273; Notes on the Scaly Anteater (*Manis crassicaudata*), xxv, 148.

MAMMALS—

HYBRIDS, VARIATIONS, COLOURATIONS—On the So-called Colour Phases of the Rufous Horse-shoe Bat of India (*Rhinolophus rouxi*, Temm.), xxv, 260; The Nomenclature of the Geographical Forms of the Panola Deer (*Rucervus eldi*) and its Relatives, xxv, 361; On White Elephants, xxvi, 285; Change of Coat of the Common Palm Squirrel—An Appeal, xxvi, 727; A White Tiger in Captivity, xxvii, 932; A Fresh Hypothesis in regard to Protective Colouration in Animals, xxix, 829; Change of Colour in Black Buck (*Antilope cervicapra*), xxix, 834; Colouration of Oorial (*Ovis vignei punjabiensis*), xxx, 220; Protective Colouration in Wild Animals, xxx, 470; A Black Jackal, xxx, 698; A Hybrid Black Buck and Chinkara, xxx, 911; Protective Colouration in Wild Animals, xxiv, 469.

WEIGHTS AND MEASUREMENTS—Measurements of Markhor and Urial Heads, xxv, 146; Kathiawar Black Buck, xxv, 147; Notes on a Takin Head from Assam, xxvi, 284; Size of Tigers, xxvi, 659; Record Female Nilgiri Thar (*Hemitragus hylocrius*), xxvi, 666; Large Kashmir Stag Head (*Cervus cashmirianus*), xxvi, 1038; Length of Tigers and Panthers, xxvii, 163; On the Method of measuring Tigers, xxvii, 391; Record Female Indian Gazelle, xxvii, 625; Some Splendid Black Buck Heads, xxvii, 626; A Good Head of the Goa or Tibetan Gazelle (*Gazella picticaudata*), xxvii, 626; Record Panther Skull (*F. pardus*), xxvii, 933: Measurement of Tigers and Panthers, xxvi, 936; A Good Female Chinkara Head (*Gazella bennetti*), xxviii, 266; Some Notes on the Horns of Thamin (*Cervus eldi*), xxviii, 268; Some Measurements of Big Game, xxviii, 543; The Measurements and Photography of Big Game, xxix, 209; The Record Black Buck Head (*Antilope cervicapra*), xxix, 555; Large Tusks of Indian Elephant, xxix, 1044; An Unusually Large Cow Gaur, xxx, 219; A Record Sind Wild Goat (*Capra hircus blythi*), xxx, 699.

ABNORMALITIES—Female Black Buck with Horns (*Antilope cervicapra*), xvii, 169; Abnormal Sambhar Horns, xxvii, 170; Double Growth of horns in Sambhar, xxvii, 938; Abnormal Ibex Head, xxviii, 544; Malformed Horns in the Cheetal (*Axis axis*), xxix, 1051; Horns of a very Old Muntjac or Barking Deer (*Cervulus grandicornis*), xxx, 221; Panther with Abnormal Feet, xxx, 909; Abnormal Clavicle Bones of a Tiger, xxx, 910.

BREEDING—The Breeding of Elephants in Captivity, xxviii, 537; The Breeding of Elephants in Captivity, xxviii, 1128; Birth of a White Handed Gibbon in Captivity, xxx, 456; Breeding Season of the Nilgiri Langur, xxx, 691.

TRAPPING—Nilgiri Trap for catching Wild Animals, xxvi, 311; Elephant catching in Assam, xxix, 803; An Elephant Trap, xxx, 912; Tiger netting in Assam, xxx, 907; Further Notes on Trapping, xxviii, 1129, Capturing Tigers with Bird-lime, xxv, 756.

AGE—On the Determination of Age in Bats, xxv, 249; Determination of age in Black Buck, xxx, 469.

SCENT—The Power of Scent in Wild Animals, xxvii, 112; Scent, xxvii, 164; The Power of Scent in Wild Animals, xxviii, 262.

MAMMALS (SYSTEMATIC)—

MAMMAL SURVEY OF INDIA, BURMA AND CEYLON—A survey of Mammalian Fauna of India, Burma and Ceylon.

REPORTS ON THE MAMMAL SURVEY COLLECTIONS—(Nos. 27 to 37*a* incl.)—No. 27, Bhutan Duars, by R. C. Wroughton, xxv, 63; No. 28, Kalimpong (Darjeeling), by R. C. Wroughton, xxv, 291; No 29, Pegu, by R.C. Wroughton and Winifred M. Davidson, xxv, 472; No. 30, Deccan, by R. C. Wroughton and Winifred M. Davidson, xxvi, 1025; No. 31, Nilgiris, by R. C. Wroughton and Winifred M. Davidson, xxvi, 1031; No. 32; Baluchistan, R. C. Wroughton, xxvii, 314; No. 33, High Wavy Mountains, Madura District, by R. C. Wroughton, xxvii, 545; No. 34, Travancore, by R. C. Wroughton, xxvii, 549; No. 35, Prome, by R. C.

Wroughton, xxvii, 553 ; No. 36 by Naga Hills, xxix, 221 ; No. 37, Nepal, by Martin A. C. Hinton and T. B. Fry, xxix, 399 ; No. 37(*a*) Nepal, by T. B. Fry, xxx, 525.

Scientific Results of the Mammal Survey—(No. xv—xliv incl.)

Primates—The Slender Loris of Malabar, by, R. C. Wroughton, xxv, 45 ; A New 'Leaf Monkey' from the Shan States, by R. C Wroughton, xxv, 46 ; The Shan States Langur—A Correction, by R. C. Wroughton, xxv, 361 ; On the Capped Langurs (*Pithecus pileatus blythi* and its allies), by Martin A. C. Hinton, xxix, 77.

Chiroptera (Bats)—

A New Bat of the Genus *Rhinopoma* from S. E. Persia, by Oldfield Thomas, xxvii, 25 ; A New Bat of the Genus Myotis from Sikkim, by Oldfield Thomas, xxvii, 248 ; The Geographical Races of *Scotomanus ornatus*, by Oldfield Thomas, xxvii, 772 ; On the Forms contained in the Genus *Harpiocephalus*, by Oldfield Thomas, xxix, 88 ; On the Genus Tadarida (Wrinkle-lip Bats), by R. C. Wroughton, xxvi, 731.

Tupaias—Tree Shrews—The Tupaias of South Tenasserim, by Oldfield Thomas, xxv, 199 ; A New Tree Shrew, by R. C. Wroughton, xxviii, 599 ; On Tree Shrews from the Mergui Archipelago, by Oldfield Thomas, xxix, 84.

Soriculus—Shrews—Note on *Soriculus nigrecens* and its sub-species, by Martin A. C. Hinton, xxviii, 1052.

Carnivora—

Mungooses—A Renaming of *Mungos mungo elioti*, Wroughton ; by R. C. Wroughton, xxviii, 23 ; The Mungooses of the *Herpestes smithi* group ; by Oldfield Thomas, xxviii, 23.

Civets—*Paradoxurus niger* and *hermaphroditus* of Blanford, by R. C. Wroughton, xxv, 48 ; A New Palm Civet from Assam, by R. C Wroughton, xxvii, 600.

Badgers—A New Ferret Badger (*Helictis*) from the Naga Hills, by Oldfield Thomas, xxviii, 432.

Rodentia—

Sciuridæ—Squirrels—

Funambulus—Two New Forms of the *Funambulus tristriatus* (group), by R. C. Wroughton and Winifred M. Davidson, xxvi, 728 ; Change of Coat in Common Palm Squirrel—An Appeal, by R. C. Wroughton, xxvi, 727.

Giant Squirrels—The Mainland representatives of *Ratufa m. dandolena*, by R. C. Wroughton, xxvii, 249 ; On the Large Squirrels of the *Ratufa gigantea* group, by Oldfield Thomas, xxix, 85.

Callosciurus—An Assam Representative of *C. castaneoventris* group of Squirrels, by R. C. Wroughton, xxvii, 601 ; On the *erythræus* group of Squirrels, by R. C. Wroughton, xxvii, 773 ; On Some Squirrels from the Mergui Archipelago, by Oldfield Thomas, xxix, 376.

General—Two New Rodents from the Mergui Archipelago, by Oldfield Thomas, xxviii, 1067.

MURIDÆ—RATS AND MICE—The Indian Gerbils or Antelope Rats, by R. C. Wroughton, xxv, 40; Notes on *Millardia* and its Allies, by Oldfield Thomas, xxv, 201; A New Genus of Muridæ, by Oldfield Thomas, xxv, 203; The Spiny-Mouse of Sind, by Oldfield Thomas, xxv, 205; Report on the House Rats of India, Burma and Ceylon, by Martin A. C. Hinton, xxvi, 59, 716, 906; A Synopsis of True Mice found within the Indiam Empire, xxvi, 417; Notes on the Genus *Cheliones*, by Oldfield Thomas, xxvi, 726; Two New Species of *Calomyscus*, by Oldfield Thomas, xxvi, 938; On Jungle Mice from Assam, by Oldfield Thomas, xxvii, 596; Two New Rats from Assam, by Oldfield Thomas, xxviii, 26; The House Rats of Nepal, by Martin A. C. Hinton, xxviii, 1056; A New Mouse from Madura, S. India, by Oldfield Thomas, xxix, 87; On a New Field-Mouse, from Nepal, with a Note on the Classification of the Genus *Apodemus*, by Oldfield Thomas, xxix, 888; The Distribution and Geographical Races of the Gulandi Bush Rats (*Golunda ellioti*), by Oldfield Thomas, xxix, 373.

LEPORIDÆ—HARES—A New Indian Hare (*Lepus rajput*), by R. C. Wroughton, xxv, 361.

PORCUPINES—The Porcupines of Assam, by Oldfield Thomas, xxviii, 431; The Brush-tailed Porcupine of Assam, by Oldfield Thomas, xxvii, 598.

CERVIDÆ—DEER—

TRAGULUS—MOUSE DEER—The Mouse Deer (*Tragulus*) of the Mergui Archipelago, by Oldfield Thomas, xxix, 84; The Nomenclature of the Geographical Forms of the Panola Deer (*Rucervus eldi*) and its Relatives, xxv, 361.

GENERAL—Some New Mammals from Baluchistan and North-western India, by Oldfield Thomas, xxvi, 933; New and Interesting Mammals from the Mishmi Hills, by Oldfield Thomas, xxviii, 428; The Synonymies, Characters and Distribution of the Maccaques included under the name *rhesus* and *assamensis* in Blanford's Mammals, xxvii, 665; On the Nomenclature of the South Indian Long-tailed Maccaques, xxvii, 813; Notes on the Nomenclature of the Northern Slow Loris, xxviii, 433.

SUMMARY OF THE RESULTS FROM THE INDIAN MAMMAL SURVEY—(PARTS I—VII WITH APPENDIX X); Part I, xxv, 547; Part II, xxvi, 19; Part III, xxvi, 338; Part IV, xxvi, 776; Part V, xxvi, 955; Part VI, xxvii, 57; Part VII, xxvii, 301; Appendix, xxvii, 520.

MAMMALS—(GENERAL)—

Notes on the Oriental Sporting Magazine, New Series, 1869-1879, xxv, 491, 740; Panic in Elephants during an Earthquake, xxvi, 285; The Tiger and the Train, xxvi, 659; Arrow Head imbedded in Tiger's Back, xxvi, 658; Natural Death of a Fox, xxvi, 660; Notes on the Oriental Sporting Magazine, June 1828 to June 1833, xxvi, 1047; The Power of Scent in Wild Animals, xxvii, 112; Scent, xxvii, 164; Food of the Grey Musk Shrew (*Crocidura cærulea*), xxvii, 164; Expected Plague of Field Rats in 1920, xxvii, 165; A Sporting Diary, xxvii, 386; An Old Time Buffalo Hunt, xxvii, 627; Man-eating Monkeys and Poisonous Locusts, xxvii, 629; Sore Neck in Sambhar, xxvii, 937; Black-Buck *vs.* Motor, xxvii, 938; Quaint Beasts and Queer Habits, xxviii, 204; The Food of

the Small Indian Civet (*Viverricula malaccensis*) in Captivity, xxviii, 265 ; Effect of Scorpion Sting on a Terrier, xxviii, 274 ; In Lighter Vein, xxviii, 524 ; Notes on Lydekker's 'Game Animals of India', xxviii, 529 ; Editors' and Readers' Comments on Notes which appeared in previous numbers, xxviii, 533 ; Folklore of Birds and Beasts in India, xxviii, 562 ; H. R. H. The Prince of Wales' Shoots in India 1921–22, xxviii, 675 ; xxviii, 1091 ; Editors' and Readers' Comments on Articles and Notes which have appeared in previous numbers, xxviii, 786 ; Jungle Notes, xxviii, 792 ; The Indian Lion, xxviii, 795 ; Four-horned Fat-tailed Sheep, xxviii, 798 ; Sore-Neck in Sambhar, xxviii, 1125 ; Corrugations on Elephant Tusks, xxviii, 1125 ; Effect of Storm on Animals, xxviii, 1126 ; Deer Hunting in Shakespeare's Days, xxix, 217 ; The Preservation of Shikar Trophies, xxix, 265 ; Some Natural History Notes connected with The Prince of Wales' Tour in India, xxix, 271 ; Supposed Occurrence of the Ermine in India, xxix, 277 ; Notes on the Goral (*Nemorhædus goral*), xxix, 552 ; Animal Life on the Ganges, xxix, 633 ; On the Forms of Himalayan Serow (*Capricornis sumatrensis*), xxix, 824 ; 'Readers' Comments on previous Notes and Articles, xxix, 1044 ; A Rough and Tumble with an African Buffalo, xxx, 196 ; Reply to Criticisms on the Book of Wild Animals in Central India, xxx, 209 ; A Very Fearful Place, xxx, 464 ; Hunting with Caracal in the Seventeenth Century, xxx, 466 ; Wild Dogs and Jungle Tragedies, xxx, 691 ; Tiger killed by a Cobra, xxx, 705 ; Duel between two Bull Elephants, xxx, 912 ; The Adjutant Bird and Other Matters, xxviii, 287.

MAMMAL SURVEY, PROGRESS OF—xxvi, 656.

MANAVALARAMANUJAM, S. G.—Occurrence of the Galeod Spider (*Rhagodes nigrocinctus*) in the South Arcot District, Madras Presidency, xxviii, 814.

MANIPUR—*See* Birds.

MANSON, C. E. FELLOWS—The Life-history of Rare and Little Known Sphingidæ (Hawk Moths) of the Oriental Region, xxvii, 745 ; New Localities for Rare and Little-known Sphingidæ, xxvii, 964.

MARKHOR—*See* Mammals.

MARRYAT, N.—Note on the Occurrence of the Lesser Florican or Likh (*Sypheotis aurita*) in Bombay, xxvi, 674.

MARSHALL, A. H.—Occurrence of the Pink-headed Duck (*Rhodonessa caryophyllacea*) in the Punjab, xxv, 502.

MARSHALL, Dr. H.—List of Mollusca of Rangoon, xxviii, 773.

*MARTIN, S. J.—A Note on the Large Brown Thrush (*Zoothera monticola*), xxvi, 668.

MATHEWS, W. H.—Birds Nesting in the Bhillung Valley, Tehri Garhwal, xxv, 495 ; Note on the Indian Long-billed Vulture (*Gyps indicus*), xxvi, 287 ; Nesting Habits of the Brown Rock-chat (*Cercomela fusca*), xxvi, 843 ; Albino Swallow, xxvi, 844 ; Different Birds nesting in Company, xxvi, 853.

MAWSON, Mrs. N.—Breeding Habits of the Green Turtle (*Chelonia midas*), xxvii, 955.

MAYMYO—*See* BIRDS.

McARTHUR, A. G.—Notes on Panthers, xxvii, 935; A Python's Long Fast, xxviii, 1142.

McCANN, C.—On the Breeding Habits of Some Myriapods, xxvi, 303; Some Notes on the Common Indian Otter (*Lutra lutra*), xxix, 275; A Note on the Habits of the Large-scaled Earth Snake (*Silybura macrolepis*), xxix, 1062.

McCONNELL, LIEUT. R. A. H.—Sore-Neck in Sambhar, xxviii, 1125.

McRAE, W.—A New Species of Phytophthora Parasite on Para Rubber Tree, xxv, 760

MEAD—*See* OBITUARY.

MEREDITH, H. R.—Feeding Habits of the Little Egret (*Herodias garzetta*), xxvi, 852; Egret and Lizard, xxvii, 172.

MESOPOTAMIA—*See* FISH, LIZARDS, SNAKES, BIRDS, INSECTS, MAMMALS.

MHOW—*See* BIRDS.

MILLARD, W. S.—Food of the Grey Musk Shrew (*Crocidura cærulea*), xxvii, 164; Expected Plague of Field Rats in 1920, xxvii, 165.

MILLER, A. C.—'Man-eating' Monkeys and Poisonous Locusts, xxvii, 629.

MILLETT, H. J. C., I.F.S.—A Panther's Indifference, xxviii, 275.

MILLNER, C. E.—Wild Dogs in Burma, xxviii, 266; Distribution of Serow in Burma, xxviii, 267.

MILNER, J.—Burmese Races of Serow, xxviii, 534.

MILLS, J. P., I.C.S.—Notes on a Takin Head from Assam, xxvi, 284; Wild Dogs in Burma, xxviii, 534; The Mishmi Takin, xxix, 551.

MILROY, A. J. W.—Elephants Catching in Assam, xxix, 80.

MIRZAPUR—*See* BIRDS.

MITCHELL, F. G.—Notes on Flies for Trout Fly-fishing in Kashmir, xxv, 757, Method of Porcupine's Attack, xxvi, 283; How Trout were Introduced into Kashmir, xxvi, 295.

MOLESWORTH, A. L.—Measurements of Makhor and Urial Heads, xxv, 146.

MOLESWORTH, COL., C.I.E., C.B.E., V.H.S., I.M.S.—Trout Culture on the Nilgiris (plates), xxvii, 898.

MOLLUSCA.—Food of the Snail *Indrella ampuli*, xxviii, 557; List of—— Rangoon, xxviii, 773; Note on the Operculum of the Turban-shell, xxviii, 1143.

MOLONEY, CAPT. J. B., I.M.S.—Note on a Case of Recovery after a Bite by a Russell's Viper, xxvii, 644.

MONTEATH, G., I.C.S.—Tiger (*Felis tigris*) Climbing Tree, xxvi, 837.

MONTEATH, J., I.C.S.—Catching Crocodiles (photo), xxix, 300.

MORICE, F. D., M.A., F.Z.S.—Annotated List of Aculeate Hymenoptera (except Heterogyna) and Chysids recently collected in Mesopotamia and North-west Persia, xxvii, 816 ; xxviii, 192.

MORRIS, RANDOLPH C.—Porcupine's Method of Attack, xxvi, 1040 ; Panthers and Artificial Light, xxviii, 789.

MOSSE, MAJOR, A. H., I.A.—On the Rann of Cutch (plates), xxix, 274.

MUGGER—*See* CROCODILE.

MUNGOOSE—*See* MAMMALS.

MUSCAT—*See* BIRDS.
